

# Short-term impact of anthropogenic environment on neuroplasticity

Citation for published version (APA):

Kunikullaya Ubrangala, K. (2023). *Short-term impact of anthropogenic environment on neuroplasticity: A study among humans and animals*. [Doctoral Thesis, Maastricht University]. Maastricht University. <https://doi.org/10.26481/dis.20230705kk>

## Document status and date:

Published: 01/01/2023

## DOI:

[10.26481/dis.20230705kk](https://doi.org/10.26481/dis.20230705kk)

## Document Version:

Publisher's PDF, also known as Version of record

## Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

## *Short-term impact of anthropogenic environment on neuroplasticity – a study among humans and animals*

by Kirthana Kunikullaya U

1. In all things of nature, there is something of the marvelous - Aristotle
2. We still do not know one-thousandth of one percent of what nature has revealed to us - Albert Einstein
3. I firmly believe that nature brings solace in all troubles - Anne Frank
4. It is not stress that kills us, it is our reaction to it - Hans Selye
5. The power of music and the plasticity of the brain go together very strikingly - Oliver Sacks
6. Music imprints itself on the brain deeper than any other human experience. Music evokes emotion and emotion can bring with it memory - Oliver Sacks
7. I know for sure that there is only one step from insecticide to genocide - Werner Herzog
8. The difference between a good medicine and a poison is the dosage - Laura Huxley
9. There is no Wi-Fi in the forest, but I promise you will find a better connection - Ralph Smart
10. The goal of life is living in agreement with Nature - Zeno
