Document Version:
Publisher's PDF, also known as Version of record

Please check the document version of this publication:

• A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
• The final author version and the galley proof are versions of the publication after peer review.
• The final published version features the final layout of the paper including the volume, issue and page numbers.

EMBODIED TECHNOLOGICAL CHANGE AND PATTERNS OF INVESTMENT IN AUSTRIAN MANUFACTURING

Sandra M. Leitner

It takes time for effects to unfold and for humans to learn how to exploit the 'hidden' potentials of new technologies. *(Chapters 2 and 3)*

Temporary disruptions are by-products of change that fade in view of future gains. *(Chapter 3)*

There is an optimal moment for the realization of each and every decision. *(Chapter 3)*

Slightly more than 50 percent of firms' overall investments are carried out in just three years. But firms still invest in every period. *(Chapter 4)*

Far better it is to dare mighty things, to win glorious triumphs even though checkered by failure, than to rank with those poor spirits who neither enjoy nor suffer much because they live in the gray twilight that knows neither victory nor defeat. *(Theodore Roosevelt)*

Wheresoever you go, go with all your heart. *(Confucius)*

The important thing is not to stop questioning. *(Albert Einstein)*

The scholar who cherishes the love of comfort is not fit to be deemed a scholar. (*Confucius*, *The Confucian Analects*)
