[10.26481/dis.20201209ym](https://doi.org/10.26481/dis.20201209ym)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Exploring the boundaries of endovascular aneurysm repair
Studying an all-comers population

Yannick W. 't Mannetje, 9 december 2020

1. A ruptured abdominal aortic aneurysm with a short and/or angulated infrarenal neck can be safely treated with a stent graft.
Dit proefschrift
2. Lifelong surveillance after endovascular aneurysm repair is required as the majority of complications are asymptomatic.
Dit proefschrift
3. Endovascular aneurysm repair outside instructions for use is safe, within certain boundaries.
Dit proefschrift
4. Evolution of stent grafts improves outcomes but can also introduce new vulnerabilities.
Dit proefschrift
5. Zorgorganisaties reserveren meer tijd aan de voorkant van zorgtrajecten, met name tijdens de fase van diagnose en besluitvorming.
Aanbeveling uit Zonder context geen bewijs. Raad voor de volksgezondheid en samenleving
6. Continuous data collection, by intelligent use of hospital systems, is required to study and improve care for patients with an abdominal aortic aneurysm.
Valorisatie
7. The prime goal is to alleviate suffering, and not to prolong life. And if your treatment does not alleviate suffering, but only prolongs life, that treatment should be stopped.
Christiaan Barnard
8. We want perfection without practice. Yet everyone is harmed if no one is trained for the future.
Complications, Atul Gawande
9. Life is what happens to you while you're busy making other plans.
Beautiful boy, John Lennon
10. 1 op de 6 mensen heeft 5 andere om zich heen.
Het geheim van de lachende piccolo, Harrie Jekkers
11. Speed has never killed anyone. Suddenly becoming stationary, that's what gets you.
Jeremy Clarkson
