Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

THE BED BATH WITH OR WITHOUT WATER? IT'S A WASH!

Experiences with the washing without water intervention used for the bed bath

Fabian Marcel Victor Groven

1. Washing with or without water? It's a wash! (this dissertation)
2. A good bed bath is a prerequisite for a good start of the day for bedridden patients. (this dissertation)
3. Experiencing autonomy, competence and relatedness are essential to feel well. (this dissertation)
4. Washing without water is a suitable alternative for the traditional bed bath and therefore an indispensable intervention to reduce the burden on nurses. (this dissertation)
5. Nurses' desire to be a professional hinders innovation.
6. The differences but especially the synergies between multiple research disciplines contribute to sound applied science.
7. Prudish nursing students that don't want to be bathed themselves should consider another profession.
8. SME means Small and Medium Sized Enterprises, it does not stand for Standard Measurement Error in research.
9. Make sure you have a life before starting a PhD!
10. Although I'm colorblind, I know the world ain't black and white. (based on John Mayer's "stop this train")
