

Food intake meeting energy and reward homeostasis

Citation for published version (APA):

Lemmens, S. G. T. (2011). *Food intake meeting energy and reward homeostasis*. Maastricht University Press.

Document status and date:

Published: 01/01/2011

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

STELLINGEN

behorend bij het proefschrift

'Food intake meeting energy and reward homeostasis'

1. De relevante fysiologische parameters GLP-1, PYY, ghreline, glucose, en insuline, zijn als biomarkers voor honger en verzadiging te beperkt. *(dit proefschrift)*
2. 'Lekker' in plaats van 'gezond' eten, voorkomt overconsumptie na 'gezond' eten. *(dit proefschrift)*
3. Overconsumptie tijdens eten buitenshuis vindt plaats ondanks een betere beheersing van de eetlust bij een langdurig diner. *(dit proefschrift)*
4. Acute stress bevordert voedsel- en energie-inname bij visceraal overgewichtigen in de verzadigde toestand. *(dit proefschrift)*
5. Het verzadigende effect van eiwit op de voedselinname wordt gedomineerd door een disinhiberend effect van stress. *(dit proefschrift)*
6. Stressed and desserts interact literally as well as scientifically. *(dit proefschrift en Brian L. Seaward)*
7. Gezondheid is balans en alles met mate. *(Anna Staal)*
8. There is nothing like returning to a place that remains unchanged to find the ways in which you yourself have altered. *(Nelson Mandela)*
9. Laughter is the shortest distance between two people. *(Victor Borge)*
