

Treatment of vaginal vault prolapse

Citation for published version (APA):

Coolen, A. L. W. M. (2017). *Treatment of vaginal vault prolapse*. Maastricht University. <https://doi.org/10.26481/dis.20170920alc>

Document status and date:

Published: 01/01/2017

DOI:

[10.26481/dis.20170920alc](https://doi.org/10.26481/dis.20170920alc)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

STELLINGEN

behorende bij het proefschrift

Treatment of vaginal vault prolapse

1. Laparoscopische sacrocolpopexie geeft de beste resultaten voor de behandeling van de vaginatoprolaps, alhoewel de verschillen minimaal en moeilijk te vergelijken zijn.
[Dit proefschrift].
2. De behandeling van een vaginatoprolaps met een laparoscopisch aangebrachte mesh geeft minder kans op mesh gerelateerde complicaties dan bij de vaginale toepassing.
[Dit proefschrift]
3. Failure rates/success rates of prolapse treatment are highly dependent on outcome definition. [M.D. Barber, Obstetrics and Gynecology, 2009]
4. The wide variety of treatments available for vaginal vault prolapse illustrates the lack of consensus. [C. Maher, Cochrane, 2016].
5. *De werkelijkheid is uniek en niet contextafhankelijk, en het doel van wetenschap is om die enige werkelijkheid te kennen.* [B.W. Mol, J.L.H. Evers, Medisch Contact, 2017]
6. Without data, you are just another person with an opinion. [Andreas Schleicher]
7. Bijna driekwart van de vrouwen met een prolaps die kiest voor een pessarium als primaire behandeling, ondergaat geen chirurgie in het eerste jaar na de start van de behandeling.
[Dit proefschrift]
8. Alle feiten zijn onderhevig aan interpretatie; welke interpretatie de voorkeur krijgt hangt meer af van macht dan van werkelijkheid. [Friedrich Nietzsche]
9. De perfecte wereld bestaat niet. Wij kunnen uitsluitend de perfecte wereld nastreven.
[Rien Coolen]
10. If my results can make at least one woman laugh, without peeing her pants a little, my day was not wasted.
11. You have as many hours in a day as Beyoncé.

Anne-Lotte Coolen
