The Maastricht Graduate School of Governance (MGSoG) was founded in September 2004 at Maastricht University. The mission of the School is to train specialists who combine a high level of academic scholarship with leadership, in order to strengthen democratic governance in domestic and international organizations, by focusing on policy analysis, risk assessment, policy design, monitoring and evaluation, and methodologies and techniques of policy research.

MGSoG provides multi-disciplinary top-academic training in the heart of Europe. This is achieved by building on the academic resources of the different faculties at Maastricht University as well as those of several foreign partners. From 2011 onwards, the School has become part of the United Nations University, strengthening further its international training and research network while building on the expertise of UNU-MERIT the Maastricht based research institute of the UNU. To guarantee both high academic quality and policy relevance, the MGSoG is closely involved with an extensive academic and professional network, including highly recognized organizations such as the OECD, ILO, UNDP, WB, IMF and EU.
