

# Evidence for treatment of epidermal keratinocyte neoplasms

## Citation for published version (APA):

Jansen, M. H. E. (2019). *Evidence for treatment of epidermal keratinocyte neoplasms*. [Doctoral Thesis, Maastricht University]. Ridderprint BV. <https://doi.org/10.26481/dis.20190510mj>

## Document status and date:

Published: 01/01/2019

## DOI:

[10.26481/dis.20190510mj](https://doi.org/10.26481/dis.20190510mj)

## Document Version:

Publisher's PDF, also known as Version of record

## Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

# EVIDENCE FOR TREATMENT OF EPIDERMAL KERATINOCYTE NEOPLASMS

1. 5-Fluorouracil crème dient de eerste keus veldbehandeling te zijn voor actinische keratose. *(dit proefschrift)*
2. 5-Fluorouracil crème en fotodynamische therapie kunnen effectieve non-invasieve behandelingen zijn voor M. Bowen, mits geselecteerd. *(dit proefschrift)*
3. Als een superficieel basaalcelcarcinoom non-invasief behandeld wordt, is 5% imiquimod crème de eerste keus behandeling op basis van hogere effectiviteit. *(dit proefschrift)*
4. Non-invasieve behandeling met imiquimod, 5-fluorouracil of fotodynamische therapie van het superficieel basaalcelcarcinoom geeft geen significant verschil in cosmetisch resultaat. *(dit proefschrift)*
5. Wel of niet behandelen van actinische keratose dient goed besproken te worden met de individuele patiënt. *(dit proefschrift)*
6. Het doen van klinisch onderzoek vereist een lange adem.
7. Absence of evidence is not evidence of absence. *(D.G. Altman and J.M. Bland)*
8. Coco Chanel was altijd een trendsetter, maar desondanks is een zongebruinde huid nu passé.
9. Zonnebrandcrème werkt beter als anti-verouderings crème dan de meeste crèmes die dat pretenderen.
10. Het regent zonnestralen *(Acda en de Munnik)*
