Subject: GSBE Fellowship

Dear Jonas,

The GSBE management team discussed your application for GSBE fellowship.

Based on your publications between 2017 and 2020 we have reached the conclusion that you meet the criteria for the GSBE fellowship. We are therefore pleased to appoint you as a GSBE fellow for a period of four years until the end of December 2024.

The GSBE fellowship offers you several benefits:

- the opportunity to disseminate your research in the GSBE research memoranda series;
- the possibility to supervise PhD-pool candidates;
- your fellowship will be re-evaluated automatically afterwards, there is no need to re-apply at the end of the fellowship.

GSBE would like to mention some expectations that we have of you as a GSBE fellow:

- active involvement in the search for external funding possibilities (e.g. Horizon2020, personal grants);
- participation in the research lunches, with speakers and presentations on research projects, funding and other useful research news and information;
- contribution to the UM and SBE spearheads or research themes;
- sharing your research at UM and SBE meetings and events;
- raising exposure for your research outside the academic world and in the media;
- mention your affiliation with SBE and/or GSBE in your scientific publications to increase our visibility.

With kind regards,
On behalf of the GSBE Management Team,

Dr. Patricia Jaspers
Manager GSBE
