

Cellular and molecular aspects of weight regulation: the adipose tissue

Citation for published version (APA):

Bouwman, F. G. (2015). *Cellular and molecular aspects of weight regulation: the adipose tissue*. [Doctoral Thesis, Maastricht University]. Maastricht University. <https://doi.org/10.26481/dis.20150619fb>

Document status and date:

Published: 01/01/2015

DOI:

[10.26481/dis.20150619fb](https://doi.org/10.26481/dis.20150619fb)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Cellular and molecular aspects of weight regulation: the adipose tissue

A proteomic approach

1. Adipocytes scream for fat after weight loss. (dit proefschrift)
2. With respect to the risk for obesity: you can't change your genes, but you can change your behavior. (dit proefschrift)
3. Afvallen begint pas als de kilo's zijn verdwenen. (dit proefschrift)
4. Mature adipocytes spend much of their energy on the maintenance of the extracellular matrix. (dit proefschrift)
5. Ook in de wetenschap heeft elk nadeel, zijn voordeel.
6. Wat er niet aankomt, hoeft er niet af. (Slankie)
7. Van proberen kan je leren. (Lieke en Veerle, 2012)
8. De steentijd zit nog in onze genen.
9. Half of the live is outside the cell. (James Brown, imprisoned)
10. "Een besluit is hier het begin van een discussie". (Prof. Dr. Martin Paul, Observant 2011)
11. Discovery is no accident. It's the result of discipline, imagination and the determination to keep on trying. (Dr. Bushnell)
