

Neurologic complications in small cell lung cancer

Citation for published version (APA):

Seute, T. (2008). *Neurologic complications in small cell lung cancer*. Universiteit Maastricht. <https://doi.org/10.26481/dis.20080201ts>

Document status and date:

Published: 01/01/2008

DOI:

[10.26481/dis.20080201ts](https://doi.org/10.26481/dis.20080201ts)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Neurologic complications in small cell lung cancer

Tatjana Seute - 1 februari 2008

- 1 Meer dan de helft van de patiënten met kleincellig long carcinoom krijgt neurologische complicaties. (dit proefschrift)
- 2 Bij kleincellig longcarcinoom zijn synchrone hersenmetastasen veel minder gevoelig voor systemische chemotherapie dan metastasen elders in het lichaam. (dit proefschrift)
- 3 Door het gebruik van MRI in plaats van CT, worden bij meer patiënten met kleincellig longcarcinoom, meer hersenmetastasen gediagnosticeerd. (dit proefschrift)
- 4 Door het gebruik van MRI in plaats van CT komen minder patiënten met kleincellig longcarcinoom in aanmerking voor profylactische hersenbestraling. (dit proefschrift)
- 5 De kans op leptomeningeale metastasering is hoger bij patiënten met infratentorieel gelegen hersenmetastasen dan bij patiënten met supratentorieel gelegen hersenmetastasen. (dit proefschrift)
- 6 Cytostatica, in welke vorm dan ook, zouden alleen voorgeschreven mogen worden door daarvoor opgeleide specialisten.
- 7 Binnen de neuro-oncologie moet men de term geneeskunde niet te letterlijk nemen.
- 8 De uitdrukking “zij staat haar mannetje” zegt veel over de emancipatie in Nederland.
- 9 You have to learn to crawl, before you learn to walk.
(From: Amazing, Aerosmith, Steven Tyler 1993)
- 10 Wanneer je niets zoekt, vind je soms het allermooiste.
